VERMARINE

The new suite at Casa Angelina in the exclusive water-green shades by Paola Lenti

Praiano, July 2024 - **Casa Angelina**, an opalescent treasure chest of beauty reflected in the sea of the Amalfi Coast, unveils **Vermarine**, the **new suite** inaugurated for the 2024 season and **adorned with Paola Lenti indoor and outdoor products**.

Located on the third floor, the suite offers the **highest level of comfort** and **refined elegance**. The spacious 42 sqm open space includes a sleeping area, living area, walk-in closet, and a large bathroom with a bath and separate shower cabin. The **seafront terrace**, over 30 sqm, is the ideal spot to enjoy memorable moments of relaxation while admiring the enchanting panorama.

The interior design **seamlessly blends with the natural scenery** and the pristine white interiors of Casa Angelina, combining the warmth of Costiera hospitality with a contemporary and timeless design.

The **water-green shades** of Paola Lenti furnishings, both inside and on the terrace—such as the Filo swivel armchair, Strap and Sciara side table tops, and the Silent bed headboard—are mirrored by the Cosmo and Zoe rugs. These elements draw inspiration from the various **hues of Vermarine natural stone**, reflecting the light and colors of the marine environment, and immediately convey tranquility and peace.

Paola Lenti's influence is evident not only in the **original, exclusive, and well-balanced colors** but also in the presence of exquisite textiles, an unmistakable hallmark of the brand. The supple Chain knit with its unpredictable mélange hues created by intertwining threads of different colors, **the fabrics made of Rope**, a yarn that has marked the evolution of contemporary textiles for outdoor use, and **the latest Twiggy yarn**—all showcase the brand's technical quality and craftsmanship. These elements give the end products character, making them appealing, unique, and distinct from any other.

Following the success of the **Azure Suite in 2023**, designed in collaboration with Paola Lenti, the project initiated in 2021 to expand Casa Angelina's suite offerings continues with the addition of Vermarine, bringing the total number of keys to 36.

A new highlight this season is the **Terrazza Costiera**, also designed by Paola Lenti. This scenic spot, offering a breathtaking view over Positano, pays **homage to the typical style of the Costiera**, interpreted in Paola Lenti's unmistakable contemporary style. The Terrazza Costiera is available as a **private space** for guests seeking a reserved and intimate dining or bar experience.

With **a charming and exclusive atmosphere**, it is ideal for those who desire **more privacy** without sacrificing the incomparable view of the sea and sky's blue shades.

Casa Angelina epitomizes a **whispered luxury** that **does not flaunt** but meets the needs of guests with the intention of welcoming them as if into a home where they can truly feel good.
